Saint Scholastica School Open Registration!

Saint Scholastica School fosters gospel values, academic excellence, and a servant’s heart in each of our students. The school opened in 1962 with the Benedictine Sisters of Sacred Heart Monastery, Lisle, as teachers. Since then, our school has remained grounded in Catholic values while growing to meet the ever changing needs of our students, families, parish, and community.

Saint Scholastica Students express their faith through Mass and prayer experiences. They also organize social justice projects including collecting supplies for homeless veterans, canned soup for the hungry, and T-shirts and socks for those in need. Students also have the opportunity to earn recognition for conduct becoming a Christian.

Student achievements include regional and state science fair awards, academic honors at Catholic high school competitions, and middle school student honors for each term in school. Supporting the whole child, Saint Scholastica School offers band, drama, athletics, and other optional after school programs.

At this time, Saint Scholastica School is enrolling for the 2019 - 2020 school year. Classes are filling up, so don’t wait to contact us to schedule a tour or find out more information. Financial assistance may be available if you qualify.

Please call or email and come see all that Saint Scholastica School has to offer!
